LABOR DAY...

We might think of this national holiday as a celebration of the right to work for fair wages, good working conditions and the establishment of various labor laws that came about because of the poor conditions that many workers a century ago had to endure just to earn enough to support their families.

We might also consider all those people whom we meet in our daily life that "labor" to make our lives more comfortable. It all begins at home. Mothers and Fathers who provide a home for their children make many sacrifices so that the home life is organized and "a school of learning for all" - words of the bishops of Vatican Council II.

Step out your door --- your car is serviced by mechanics; people help you at the bank; servers get you your morning coffee; retail people serve you, professionals --- police; doctors, office personnel; staff members; maintenance workers... you get the idea. The list can go on. Why not think about all such people in your life each day and ask God's to bless them for their "labor" for you...Father Joe

OLM RENOVATIONS...

The coming of September marks the start of our fifth month of renovations. At the outset of the project it was estimated to be a 4 to 5 month project, so over all things have gone well.

There were a few bumps in the road but over the past few weeks there has been a flurry of activity with the renovation project. New windows have been installed and the new pews have been delivered and are being assembled. The new organ has been delivered and placed up in the choir loft. Finish work is being done by all the trades including carpenters, painters, electricians and plumbers.

Once the construction is completed the inspectors have to give their approval before we can use the church buildings. We will be moving back the things that we took out of the church prior to the renovation. I anticipate the next few weeks will be very busy. As soon as I know about a move back date I will let you know. I appreciate your faithfulness to payments towards your pledge for the project. Your commitment was very important. If you haven't yet made a commitment to help finance the project - please consider doing so. Call the OLM office and ask to speak to Dolores who can help. To all who have pledged and are fulfilling your commitment – thanks.

OLM BIBLE STUDY

If you've ever wondered what Acts is really about, how the Early Church relates to our Church today or about your role in the Kingdom of God, then join us as we study Acts: ***The Spread of the Kingdom.*** All are welcome as we resume our study Wednesday evenings, 7:00 PM, beginning September 10. For more information please call the parish office or email renny.hodgskin@gmail.com.

WHY WE ARE CATHOLIC

We are Catholic because we believe:

To be human, "man's response to God by faith must be free, and. . . therefore nobody is to be forced to embrace the faith against his will. The act of faith is of its very nature a free act. God calls men to serve him in spirit and in truth. Consequently they are bound to him in conscience, but not coerced. . . This fact received its fullest manifestation in Christ Jesus." Indeed, Christ invited people to faith and conversion, but never coerced them. "For he bore witness to the truth but refused to use force to impose it on those who spoke against it. His kingdom. . . grows by the love with which Christ, lifted up on the cross, draws men to himself." - The Catechism of the Catholic Church paragraph 160
